

English

We will be looking at a range of texts from local authors and also literature around the world to compare the use of language and content. If you have any favourite poems or stories that you have, feel free to bring them in! We will build up a collection to look at and share.

Maths

In maths lessons, we will be learning how to find angles and the properties of shapes. We will also be exploring statistics and graphs before looking at how to answer multi-step word problems involving the four operations.

Science

In science, we are learning about the biology of animals (including humans). We will learn about their habitats too. We will learn about all living things, including plants.

Plymouth and The World!

Physical Education

In PE, children will be developing their athletics skills. They will be performing throwing skills using a range of equipment. They will also be taking part striking and fielding activities.

D.T

As part of our school's Jubilee celebrations, we will be designing and making some traditional food that can be served and eaten at a British Tea Party.

Religious Education

In RE, children will study Christianity, and in particular the lead up to the crucifixion. We will also be developing our understanding of Sikhism.

MFL

This term, children will be learning about how to express their opinions on a range of things in French.

Art

We will be looking at a range of local artists and other styles of art from across the globe. Children will get the chance to try out a range of styles and resources for their final pieces.

Geography

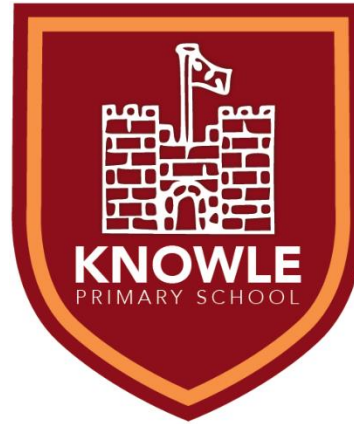

This is the driver for this topic of learning. Children will be exploring and analysing features of Plymouth and their local area, and comparing against other places globally.

Computing

In Computing, we are going to be developing our Computer Science skills by exploring networks.

How can I help at home?

- read with your child daily
- support with home learning each week
- support with learning the different times tables and spellings
- encourage them to share their learning with other family members
- make sure their school P.E kit is ready for their P.E day in school each week
- encourage them to use different sources to find out about Plymouth E.g. a trip to a museum, a walk around your local area, do the Mayflower trail, talk to a family member or the use of the internet (if possible)
