

### English

In English we will be looking at creating a suspense narrative and looking at the language and vocabulary needed to write a descriptive piece. We will also be beginning Pobbles this term in which the children do short bursts of detailed writing. We will also look at poetry and Non fiction texts.

### Maths

We start this term by looking at multiplying and dividing decimals and converting decimals to fractions. We will then be exploring how to find percentages of numbers. We will then look at algebra, measures and ratio and proportion.

### Science

In science we will be looking at evolution and inheritance within humans and animals, we will look at key scientists during this. We will also look at classifying animals into groups based on their features, bodies and habitats.

## Spring term- Globalisation.

### Geography

Our topic this term will 'globalization.' We will be exploring how the world is connected and how we import and export products, goods and services across the world. We will also be looking at how this impacts on our carbon footprint and exploring the ethical concerns around this.

### Physical Education

In PE, we will be learning how to play various invasion games and how to apply rules and tactics. We will be looking at our cognitive and creative coas in Real PE.

### Religious Education

In Spring one we focus on looking at the Christian opinion of eternity, heaven and hell. In Spring two we will be looking at the Easter story and evaluating the influence Christianity has on the world.

### PSHE

In PSHE during the spring term we will be focusing on the units 'dreams and goals' and 'healthy me.' We will discuss achievement within school, social and personal life. We will also look at health, the dangers of drugs, mental health, how to feel safe and how to make informed

### French

In French we will be looking at developing writing and saying sentences based on certain topics.

### D&T

In D&T, we will be looking at seasonality of food before researching, planning and making food for an afternoon tea. We will be eating this as part of our evaluation!

### Computing

In computing we will be looking at spreadsheets, including generating information, creating, and designing spreadsheets and using them to collect information.

### How can I help at home?

- read with your child daily
- support with home learning each week
- support with learning the different times tables and spellings
- encourage them to share their learning with other family members
- provide a full PE kit to include: black shorts, house t-shirt, school hoodie and trainers.
